# Clarabridge + Microsoft

Do you know what your customers want and need? With the combined Clarabridge and Dynamics 365 Customer Voice solution, you can save money and take advantage of industry leading, omnichannel text analytics for deeper insights into 100% of your customer interactions. Track NPS, CSAT, and more with Clarabridge and Microsoft solutions working together. Act on better insights into the customer experience to positively impact customer loyalty, save money, and optimize the customer journey.

### Listen to all your customer feedback.

Create personalized surveys and customize future interactions based on existing customer information with Dynamics 365 Customer Voice. Plus, gather data across all other interaction channels using Clarabridge.

### Analyze data across every channel with AI-powered analytics.

Clarabridge's industry leading Natural Language Understanding lets you know what customers really mean when they interact with your brands or organization.

### Act on the customer experience with granular insights.

Easily, automatically score interactions to prioritize and act on interactions that represent the greatest (or least) risks and opportunities. Track and measure changes.
